London, April 29.—Despatches here say Turkish troops are surrounded by a big invading force in Kachanik pass and serious fighting is reported at Ipey.

QUEEN WILHELMINA SHOWS  
THEM ABOUT THE PLACE  
THIS MORNING.

Arnhem, Netherlands, April 29.—After a four hours ride through the most beautiful country they have yet seen, the Roosevelts arrived this noon. They received an ovation at every station, culminating with a demonstration here by several hundred Americans and ten times as many natives.

Queen Wilhelmina's autos took them to her palace, Hetloot, seventeen miles northeast of Apeldoorn, where they enjoyed a reception by her and her consort, Prince Henry. They were shown around the palace grounds by the Queen personally. At 5 o'clock this afternoon they took a special train for Amsterdam. The Burgomaster will preside at a dinner in the Amsterdam palace tonight and at 11 o'clock they will leave for The Hague, remain until Sunday night.

## Enrollment Grows; Census Decreases

According to the returns of J. F. Cummings, who took the school census of the city, there is a loss of 164 in the number of school children in Paducah. His figures show that there are 5,776 children of school age in the city. Last year 5,940 names were secured. This year there is an increase of over 100 names in the school enrollment, and the school officials will endeavor to secure the names of any children omitted by the enumerators.

Monday the principal of each city school will secure the names of all the pupils in his school and they will be compared with the names the enumerators turn in for the purpose of discovering omitted children. Last year a careful census was taken and although there was a decrease in the school enrollment there was a gain of ten white and a loss of about 100 negro. According

He came from Madrid, where he arranged for the publication of a book by Zelaya, entitled, "The Revolution in Nicaragua against the United States," in which he says the Knox letter severing relations caused the entire trouble. He characterizes it as, "intemperate, incorrect, vulgar and false." He emphasizes the contrast with Roosevelt's letter, which was wholly favorable. He calls Roosevelt "that grand statesman," "my friend."

## TROLLEY STRIKE IS DISORDERLY

General Manager Stewart, of the company, announced today that he contemplates a petition to the governor for militia.

General Manager Stewart of the Columbus Railroad and Light company, was assaulted by a youth who was attempting to cut a trolley rope. The youth struck him in the face and escaped. Thousands gathered in front of the capitol and cut ropes and broke windows. Over half the cars leaving the barns this morning have been called in.

## JURY WILL TAKE SMEDLEY'S CASE THIS AFTERNOON

Arguments of Counsel Will be  
Concluded Before Sup-  
per Time.

Defense Rests on Plea of  
Mental Incapacity.

### CONFESSION SAID TO BE MADE.

Arguments in the trial of Hiram Smedley, charged with forgery were begun this afternoon. For arguments two hours were given for each side, and the jury will receive the case about 5:30 o'clock this afternoon. It is probable that a verdict will not be reached before tomorrow, although Circuit Judge Reed may receive a verdict tonight if the jurors agree. None of the other indictments will be taken up for trial at this term of court.

All this morning the main evidence introduced was testimony relative to the condition of Smedley's mind after the use of the drugs. The defense rested upon the fact that the drugs affected his mind to such a degree that Smedley was unable to distinguish the difference between right and wrong. Dr. W. T. Gardner, who is in charge of the western state asylum at Hopkinsville, was summoned as one of the witnesses for the prosecution, but was not used.

Most of the physicians testified to the fact that the use of the drug would affect Smedley's mind, but it was difficult to prove whether the drugs affected his mind to the degree of insanity or loss of will power.

Attorney S. H. Crossland opened the argument for the defense, and was followed by County Judge A. W. Barkley. Judge John Hendrick closed the argument for the defense, and Commonwealth's Attorney John G. Lovett will conclude the argument for the prosecution.

### Court House Filled.

Owing to the interest in the trial of Smedley the court house was comfortably filled yesterday afternoon when the trial was called. There are a number of witnesses in the trial, and many others were present to hear the testimony. Little time was lost in getting into trial, as the first twelve men called from the special venire were accepted for service and the evidence begun.

On both sides the attorneys fought hard, and Circuit Judge William Reed was compelled to use the gavel more than once in settling arguments between the attorneys. He several times threatened to fine the attorneys unless they ceased wrangling and making certain statements in the presence of the jury. Attorneys on both sides objected frequently to evidence. County Judge Alben W. Barkley was a witness for the prosecution and later directed the examination of the witnesses. Attorneys for Smedley objected to the county judge as an attorney in the case. Judge Barkley stated that as former county attorney he was familiar with the case and by special request of both the commonwealth's and the county attorney was directing the examination. Judge Reed permitted him to continue.

Former County Judge R. T. Lightfoot was the first witness called. He testified that about six weeks ago in the rear office of County Judge Alben W. Barkley, Smedley confessed to him that he had forged his name frequently. He said Smedley gave the excuse that he was up against it and would do anything to get money. In the office at the time were Smedley, Richard Davis, Judge Lightfoot and County Judge Barkley was called into the room and the confession repeated, according to the evidence. Judge Barkley corroborated the testimony of Judge Lightfoot and said when he entered the room that both Smedley and Judge Lightfoot were crying.

Judge Lightfoot testified that he had never authorized Smedley or anybody in the county clerk's office to sign his name to checks. The warrant for \$25 was endorsed on the back with the name of Judge Lightfoot, who said it was not his original signature, and said it was Smedley's handwriting. County Court Clerk Singleton said it looked like Smedley's handwriting, but he was not positive.

J. A. Gardner, a druggist, cashed the check and said he had cashed numerous warrants for Mr. Smedley, but was not certain about the genuineness of the signature. Dr. H. P. Sights testified as to the condition of Smedley's mind from the effect of drugs.

## Luther Thompson's Mother Thinks He is Dead and Buried at Decatur, According to Birmingham Story

Message This Afternoon Says  
That She Has Received No  
Communication From Him  
in Person or in Spirit.

Birmingham, Ala., April 29 (2:30 p. m.)—Mrs. Lum Thompson has received no message from her son, Luther, and is staunch in her belief of his death and she believes that the messages about her son being alive and that he is en route to Birmingham is fiction and that it is being made public for the purposes of the swindlers.

**Writing to Disinter Body.**  
Decatur, Ala., April 29. (Special.)—Brown & Son, undertakers says that if the authorities desire it they will disinter the body of Luther Thompson without cost and identify it beyond question.

Is "Red" Thompson dead or alive? At 1 o'clock this afternoon a long distance telephone message from Birmingham stated that "Red" Thompson's mother has not heard anything from him, and she still believes him dead and buried at Decatur, Ala. Yes, Detective James Collins said that he received a message last night from Captain Thompson, of the steamboat Lula Warren, stating that Luther ("Red") Thompson had left Dayton, Tenn., and gone to Birmingham, Ala., to see his mother.

A letter, purporting to be from Luther Thompson, was received by the Chattanooga Times, after a news story from Paducah, relating the fact of the identification of the murdered boy as Luther Thompson, was published there.

**Mother Has Not Heard.**  
The Evening Sun's correspondent in Birmingham could give us no information up to late yesterday, and this morning at 9:05 o'clock, in answer to further queries. The Evening Sun received the following special:

Birmingham, Ala., April 29.—Mrs. Thompson most emphatic in denial of statement regarding any news from her boy. She has absolutely no doubt as to the identity of body buried at Decatur being correct, as that of Luther Thompson, her son. She says every one who knew the boy in Decatur and viewed the remains positively identified him. She thinks the letter mystery a forgery to free the men in prison for the murder of her boy. She is very much wrought up over the stories printed, and weeps bitterly in talking of her son's death. She is deeply grateful to Paducah women and citizens for their kind treatment.

**Their Story Corroborated.**  
Part of the story told by Guire and Hale of their whereabouts in Paducah last Sunday was corroborated late yesterday afternoon by Helen Hannin, a waitress at Harrell's restaurant, 215 Kentucky avenue. Attorney David Browning is attorney for the two men, and is at work establishing the alibi of Hale and Guire.

They say they came to Paducah on a steel freight car loaded with lumber from Fulton and thought they were going to Cairo and thence to Memphis. When brought into Paducah they never left the car, but staid in it all night. Early next morning it was pulled out, and after crossing the Cumberland river,

## FIRE STATION IS FULLY ACCEPTED

CIL OPENS BIDS FOR HOS-  
PITAL WORK.

The new central fire station on Kentucky avenue adjoining the city hall, built by Contractor Jack Cole at a cost of \$14,692 as per contract, was formally accepted for the city at 2 o'clock this afternoon by the joint public improvement committees of the general council. The committee first inspected the building and followed Fire Chief James Wood in descending the poles. Superintendent G. R. Davis told the committee every specification had been complied with.

After the committee adjourned the public improvement committee met and instructed Councilman George Hannin to get bids for numbering the offices at the city hall and placing a directory at the elevator. Members present were: Councilmen Horton, Hannin, Kreutzer, Wilson and Aldermen Gehlischlaeger, Farley,

## BALLINGER SAYS GLAVIS LIED TO THE COMMISSION

Stand in His Own De-  
fense.

Taft Will Not Read Out In-  
surgents.

### KERN ACCEPTS NOMINATION

Washington, April 29.—Vertrees is directly examining Ballinger this morning. He has dealt yet only with the dates of his holding various offices.

He said: "My relations with Garfield are entirely friendly, but not intimate. I knew him in college."

He said he had never heard of the Cunningham claims when he became land commissioner in Seattle.

That Glavis "deliberately lied" to the congressional investigating committee was the accusation of Ballinger today, testifying in his own behalf. He referred to Glavis' testimony, regarding their conversation in Seattle, that Ballinger said he knew of the Cunningham claims.

### Wickham Not Dragged In.

After a lengthy executive session Chairman Nelson announced that the committee by a vote of 7 to 4 had decided to deny a request made by Mr. Brandels, attorney for L. R. Glavis, for the final original complete draft of his report to the president, reviewing the case, any earlier drafts that might exist, all memoranda, papers and documents used in preparing the report, copies of all letters, telegrams or the messages relating to the report decided by the attorney general, particularly from interior department officers, a list of all those assisting in preparing the report and a statement as to when these assistants worked and what part each took in preparing the report.

Senators Nelson, Flint, Sutherland and Root and Representatives McCall, Olmstead and Denby, all Republicans voted to deny the request and Senators Fletcher and Purcell voted to grant it.

Attorney Brandels made the request in a letter dated April 23 last, his evident purpose being to substantiate his implied charge that the attorney general's summary had not been prepared until nearly two months after September 11, 1909, which date it bore. Mr. Brandels protested to the committee against its disposing of his request without giving him an opportunity to make some argument, but Mr. Nelson told him the matter was closed.

### He Won't Read Them Out.

Washington, April 29.—President Taft said today that on his western trip, beginning tonight, he won't "read insurgents out of the party." He will reach St. Louis, the farthest west of his trip, next Wednesday, returning to Washington Friday.

## ASSISTANT ENGINEER RESIGNS HIS POSITION

Mr. Johnson tendered his resignation which takes effect this afternoon and will leave for Texas the latter part of next week to dispose of some real estate. Mr. Johnson has been connected with the office for seven months, having succeeded Robert B. Richardson, who went to Memphis. Mr. Johnson and his mother, Mrs. Rose Johnson, came here from Yazoo City, Miss., and Mrs. Johnson will return there. Mr. Johnson will go to San Antonio, Texas, next Thursday and later to Mississippi. Work on the city block map will come to a halt until an assistant is secured. Mr. Washington is endeavoring to secure another man.

The firm also secured the contract for the lime and cement used in the building of the warehouse of the American Snuff company in Mayfield and made the last shipment today. Contractor George W. Katterjohn secured the general contract, and purchased nearly all of the material for the building in Mayfield from Paducah dealers.

## WARNER ON WAY

BACK TO ASYLUM FROM WHICH HE ESCAPED.

Leeds' Slayer Will Be Taken This Week to Hopkinsville By a Deputy Sheriff.

Louisville, Ky., April 29.—According to information received in Louisville, George B. Warren, the slayer of Pulaski Leeds, will be again on Kentucky soil in a few days and will be taken to the insane asylum at Hopkinsville.

Sheriff A. M. Emmer received a telegram from Deputy Sheriff Kallenbacher in which Mr. Kallenbacher said that he had left Montana with his prisoner and had reached Salt Lake City. Mr. Kallenbacher said that he would leave Salt Lake City this morning for Denver, and from the west would proceed to Henderson, Ky., and then to Hopkinsville, where Warner will be placed in the asylum. According to Mr. Kallenbacher, Warner is very nervous. On account of Warner's condition the journey from the west to Kentucky is being made in the daytime and Mr. Kallenbacher is stopping with his prisoner at hotels over night.

Mr. Kallenbacher expects to reach Hopkinsville Saturday, where he will deliver Warner over to the asylum officials and then go on to Louisville.

## MORE WHEAT

THAT IS THE SLOGAN OF COMMISSIONER RANKIN.

Head of the State Agricultural Department Advises Less Tobacco.

Frankfort, Ky., April 29.—Because the report of the crop conditions in this state for the month of March showed a decided falling off in the acreage of wheat, Commissioner of Agriculture Rankin has decided to begin a campaign to induce the farmers of Kentucky to grow more wheat and less tobacco. He has a double purpose in this campaign, which will be one of education.

He will try to get the farmers to go back to the old system of taking their wheat to the mill and having it ground for their own use, take their shorts and mill feed home and feed it to their stock and sell what is left, and not until they have first supplied their own wants. During the next year Commissioner Rankin is going to try to get every farmer in Kentucky to raise some wheat on his farm.

## Thousands Quit Dangerous Calomel

PORTSMOUTH PHYSICIAN HAS A SAFE SUBSTITUTE FOR UNCERTAIN DRUG.

Dr. F. M. Edwards, a prominent physician of Portsmouth, Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, including olive oil, which is in effect almost exactly like the old and untrustworthy Calomel, except that there are none of the bad after effects of Calomel.

Dr. Edwards had long been a foe of Calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in full possession of the long-sought-for combination, which is in the shape of a little sugar coated, olive oil colored tablet.

The results of fifteen years of experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets, and their effect on the liver and bowels has been the means of relief to many of Dr. Edwards' regular patients, as well as to thousands of others who suffered and were afraid of Calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

Those affected with so-called "spring fever," headaches, torpid liver and constipation, dizziness, blotchy complexions, bad breath, etc., find immediate relief in Olive Tablets.

All druggists sell them in neat vest pocket sizes at 10c and 25c. The Olive Tablet Co., of Portsmouth, Ohio.

Boys Arrested, Declare That Other Lads Furnished Cider for the Soiree.

Charged with petit larceny, Roy Roark and Tom Faughn, two young men residing near Maxon Mills, were taken in charge yesterday by Deputy Sheriff Charles Clark, but both soon gave bond. Wednesday night they dodged the officers, but came to Paducah yesterday and made arrangements to fight the charge. They are accused of stealing a half gallon of cider from a farmer near Maxon Mills. A hard fought trial is expected, as the two boys claim other boys brought the cider to them and then a feast was enjoyed.

## Daily Thought.

Integrity without knowledge is weak and useless.—Johnson.

Wonder if they'd bite now.

If "Red" Thompson is there, will he please rap three times?

What, if the dogwood would forget and bloom all over again?

Well, Theodore got through yesterday without saying anything about Congo Free State.

And it wasn't the first time, either, that a Danville, Illinois, citizen had trouble with a stamped elephant.

The Indiana Democrats wanted to show Senator Beveridge that when it comes to denouncing the tariff, he is just a new beginner.

The man, who esteems his citizenship above his partisan affiliations, is always pleased when the opposing party nominates high-class men for office, and no Republican, who can lay claim to love of country, can withhold an expression of satisfaction that Indiana Democrats rebuked Tom Taggart, owner of the French Lick gambling resorts, and nominated for United States senator, John W. Kern, whose impeccable character added strength to the last national Democratic ticket. Whether it is Beveridge or Kern, Indiana will contribute an honorable man to the national councils.

## PADUCAH HUMOR.

It is always a pleasure to praise home products, whether in the attainments of "our boys," or the quality of our tobacco crop; but when recognition comes from other sources less prejudiced than ours, and Holland Burghers declare they like the flavor of Paducah tobacco, or blame New York exclaims over the pungent humor of Paducah growth, the praise we would bestow faintly smacks of self-satisfaction, as if we shared in the credit for it. A lecturer before Columbia college, speaking of Mark Twain, incidentally remarked that there are just ten ranking humorists in America. Among the number he mentioned Irvin S. Cobb, of the New York World. When the New Yorker rolls a delectable morsel of Cobbian philosophy from the end of his tongue, will we say: "We have heard of him and enjoy his humor?" Or will we say, with an self-conscious air, as though we deprecated the notoriety and fame we are accorded to share with him: "Yes, he is from Paducah, Ky?" By and by when the dome of Cobb's cranium begins to shine like a top on a mountain peak, and the fringe above his ears turns to low, we shall have woven about the foothills of his early days marvellous legends; and, likely as not, a folk lore of Paducah will picture Irvin S. Cobb and old Chief Duke sitting on a log by the Tennessee river, cracking jokes together, "right where this building stands today. I've seen them many times with my own eyes."

Already Louisville newspaper of now a classic in which Irvin cast as the central figure. When he was representing

## IRVIN S. COBB AMONG THEM

New York, April 29.—Gelett Burgess, who is a humorist, praised Mark Twain in a lecture on "American Humor" at Columbia University. He said Tom Sawyer and Huckleberry Finn were characters which would survive even after "Innocents Abroad" were no longer remembered.

"His serious work proclaimed the artist," continued Mr. Burgess, "and confirmed his humorous work. By his independence and by his geniality he established a characteristic type of American abroad. I think that was his greatest work."

"There is," went on Burgess, "nothing so perishable as humor, because it is founded upon a common habit of thought—and customs change. Humor is a natural disease which no man can catch. Nowadays the professional humorists are mostly found on the vaudeville stage while the well known American humorists can be counted on one man's fingers."

"Good humor requires good sense. All the great writers of humor had their serious side. Even the remarks

The Evening Post at Frankfurt during the stormy days, succeeding the Goebel murder. The short cut to the telegraph office lay through the Capitol hotel bar, and thence Irvin Cobb was rushing with a "flash," when he encountered a line of correspondents standing at the bar with a crazy mountaineer whose particular aberration was that he was providentially called to stand guard over Goebel's tomb.

"What will you have, Mr. Cobb?" mildly inquired the mountaineer.

"Nothing, I am in a hurry."

"You've got to take something, the other insisted. 'Name it.'

"Not now, I'll be back in a minute. Thank you."

The mountaineer drew a revolver and pointed it at Cobb, who threw up his hands.

"But—"

"WHICH will you have?"

"termilk," assented Cobb, who admitted afterwards that he didn't care especially for buttermilk; but since he had started on the first syllable he thought he could finish that quicker than he could begin a new word.

Which goes to show that quickness of wit is an asset to a humorist.

## Some Stories Around the Town.

Tobacco plants it is reported did not fare so badly during the cold weather as first expected, and with a few days of sunshine the tobacco plants will look in good shape again. Some of the plants have leaves as large as a half-dollar, and the fact that the plants were not damaged seriously by the frost is the cause of much rejoicing over the Black Patch. The hail damaged the plants in some vicinities by tearing the leaves off, but the frost was feared most, as the growers were unable to protect the tender plants.

Sample trees of the large thin shelled Louisiana peran trees were brought to the editorial rooms of the Evening Sun today by Mr. James F. Estes, 1739 Harrison street. Mr. Estes takes much interest in forestry and has over 1,000 of the small tree in his yard. The trees will bear in ten years, and are highly prized.

Although they were reared in Paducah together and were boyhood chums, Joseph Mattison, sexton of Oak Grove cemetery, failed to recognize Joe Chaudet, now of Grand Rivers, when they met down town this morning after being separated for thirty years. "You're Joe Mattison," said Mr. Chaudet, looking at Mr. Mattison, when they met. "Look at me Joe; we were brought up together and I'll bet you can't tell my name," said Mr. Chaudet. Mr. Mattison started after his spectacles to take a better look at the old friend when Mr. Chaudet revealed his name. "Why you know old Joe Chaudet," he said. "Well I will," said Mr. Mattison and he stretched out his hand. It was a hearty handshake. Mr. Chaudet left Paducah thirty years ago and was a mere boy. He is now a prosperous farmer at Grand Rivers, but well remembered Mr. Mattison.

The following extract from one of the most prominent newspapers of Texas will be of interest to the friends of Murrell Buckner, a former Paducah boy, who is now quite prominent in the Lone Star state: "Murrell L. Buckner, of Dallas, is at the Rice hotel. Mr. Buckner arrived in the city early yesterday morning from Dallas. Speaking of the political situation in North Texas, Mr. Buckner said to a representative of The Post: 'Colquitt will carry Dallas county for governor in the July primary election. There is no question about it.' Mr. Buckner in the campaign of 1906 was Mr. Colquitt's campaign manager in Dallas, and the gentleman never goes off half-cooked in any statement made by him."

"I'd like to get a tablet," said the customer, addressing the drug clerk.

"Dyspepsia or writing?" inquired the clerk.—Ames Times.

## CAUSES DEBILITY.

Here Are Facts Backed Up By a Strong Guarantee.

Catarrh causes debility. In our opinion, most people suffering from general debility have catarrh. Such cases of debility cannot be completely cured by medicine not designed to eradicate catarrh. In every case where our remedy fails to give entire satisfaction we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We will take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucuo-Tone rarely fails to do as we claim. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is intended for one purpose, i. e., to cure catarrh by assailing the diseased condition in a reasonable, scientific way, which is to employ agents that have been found to have the tonic and alternative power to correct faulty metabolism (tissue change) and to stimulate and help nature overcome the cause or causes of catarrh. This being done, appetite increases, nutrition improves, weight is gained, comfort of body is attained and life's work taken up with the zest natural to the perfectly healthy individual.

We want you to try Rexall Mucuo-Tone. Follow directions and take it regularly and consistently for a reasonable length of time. Then, if you are not satisfied, come back and tell us and the money you paid for the treatment will be returned without any argument whatever.

Rexall Mucuo-Tone comes in two sizes, 50c and \$1.00 a bottle. Sold only at our store.—The Rexall Store, W. B. McPherson, 125 Broadway.

## BAD FOR ECZEMA.

Water Frequently Aggravates Skin Troubles.

In certain inland European districts where is seldom used for bathing purposes the people are almost immune from skin affections. The best authorities now agree that soap and water are to be avoided in the treatment of skin diseases, particularly eczema when present in the scalp or on the feet, as water is an irritant, and when not actually the cause of the disease, at least aggravates it. For this reason prescriptions put up in liquid or soap form, or containing grease or alcohol, have always failed.

The new skin remedy, poslam, is a flesh-colored ointment, containing no grease. Under its directions soap and water are forbidden. It may be used on the tender skin of infants with soothing and beneficial effect, and in eczema cases stops the itching immediately, rapidly restoring the skin to its normal condition.

Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained at Gilbert's and R. W. Walker & Co.'s as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

## VOICE OF THE PEOPLE.

Editor Sun: Attached clipping relates to the orchestra which played for the Odd Fellows at their hall Tuesday night.

Your reporter was misinformed. This organization is the North Side orchestra under the leadership of Robert E. Pierce, who organized it and has been its leader from the beginning. Professor Bamberg is one of its valued members, but this being the fourth time he has been named as director and leader, a correction is due as to the leadership. This orchestra, organized for social purposes, plays for the lodges, churches, etc., if its members and their friends, and in this instance for the Odd Fellows, at the request of Mr. A. G. Terry, a personal friend of the leader. As the leader and orchestra contribute their services freely, and the leader has been and still is to a deal of expense and trouble to drill and equip this orchestra, it is not desirable that credit should be given to a member of it, who did not come into it until after it had been fully organized for a year, and who is not and never has been the leader, teacher or director.

Yours,

Characterized by charm and simplicity and impressive in its solemnization was the wedding of Miss Odie Puryear and Mr. John H. Hugg on Thursday afternoon at 4:30 o'clock at the First Baptist church. A large assemblage of friends witnessed the ceremony.

Miss Courtie Puryear, a sister of the bride, presided at the organ and rendered a beautiful musical program preceding the entrance of the bride party. The Mendelssohn wedding march was played as the processional and the recessional. "I Love You Truly" was softly rendered during the ceremony.

The only attendants were the ushers, who preceded the bride and the bridegroom in the following order: Mr. Roscoe Puryear and Mr. Floyd Harris, Mr. S. R. Lemon and Dr. G. B. Froage. At the altar the bride party was met by the Rev. M. E. Dodd, the pastor of the First Baptist church, who impressively performed the ceremony.

The bride was becomingly gowned in an exquisite lingerie robe of embroidered bands and net, elaborately trimmed with lace. She wore a pretty picture hat of white lace and straw, trimmed in white roses. Her shower bouquet was of Bride roses and plumosa.

Following the ceremony an informal reception was held at the Puryear home on Broadway, where the bride party and a limited number of the most intimate friends

## IN BED EIGHT WEEKS

In Bad Shape, Mrs. Bell Teal, Takes Her Doctor's Advice and Soon Regains Her Health.

Crandall, Texas.—"After my baby was born," writes Mrs. Bell Teal of this city, in a recent letter, "I remained very sick, which kept me in bed for eight weeks."

I couldn't get up, all this time, and though my doctor came to see me every day, he didn't do me any good. He said I was suffering from serious womanly trouble, and at last he advised my husband to give me Wine of Cardui.

I hadn't taken but one (1) bottle of Cardui till I was up, going everywhere, and by the time I had taken two (2) bottles, I was doing all my work in the house.

Before I took Cardui, I suffered all the time, with my back, legs and head, but Cardui relieved these pains. I still take Cardui every now and then, and praise it most highly to all my friends."

Cardui helps when other medicines have failed, because it contains ingredients not found in any other medicine—not sold in drug stores—not obtainable except through buying Cardui, the woman's tonic.

Pure, safe, reliable, gentle—Cardui is the ideal medicine tonic for weak sick women. Try Cardui.

and relatives were entertained.

In the parlor and hall ropes of smilax and ferns were effectively used in decoration. In the dining room the pink and white motif was prettily emphasized. The table was veiled in a cover of Cluny lace. Candlesticks with pink shaded candles were at the four corners and ropes of smilax and tulle extended from the chandelier to these.

The centerpiece was an artistic arrangement of pink carnations. The brick cream, cake and mints carried out the pink and white colors in an attractive way.

Receiving in the parlor with Mr. and Mrs. Puryear were: Mr. and Mrs. Hugg, Miss Courtie Puryear, Miss Letha Puryear, Mrs. Charles Legg, of Mayfield; Messrs. Roscoe Puryear, Floyd Harris, S. R. Lemon and Dr. G. B. Froage.

In the dining-room were: Mrs. Walter Clark, Mrs. Clarence Krug, Mrs. Fendol Burnett, of Mayfield; Mrs. E. L. Stevens.

Mr. and Mrs. Hugg went at once to housekeeping at their home, 1201 Broadway. They were beautifully remembered with a number of handsome and useful gifts.

Out-of-town guests present for the wedding were: Mr. and Mrs. Martin, of Rossington; Mrs. Charles Legg, of Mayfield; Mrs. Fendol Burnett, of Mayfield.

TRAVELING PUBLIC IS REQUESTING A CHANGE

It is rumored that the Illinois Central railroad will be requested by a good per cent of the traveling public to alter the schedule of the northbound afternoon train for Central City, in order that connections may be made with that train by passengers coming into Paducah via Brookport, Ill. The train for Central City leaves Union station at 2:40 p. m. When the train from Illinois is late it does not wait and passengers are compelled to remain over in Paducah. It is said the railroad will be asked to fix the northbound train's departure at 3:50 or 4 p. m.

## SENATOR CLARK STRONG FOR TAFT

INDEPENDENT VOTER WILL PROBABLY DEFEAT

Republicans—Party Held for the Increase in Cost of Living and Not Increasing Wages.

IS NOT LOSING GOOD WILL.

Little Rock, Ark., April 29.—Before departing for Washington to resume his seat in congress, Senator James H. Clarke gave out a statement strongly eulogizing President Taft and stated that should the Democrats come into power in the house of representatives and the president's policies be blocked, it is possible that the president would not seek the nomination to succeed himself.

"The idea that President Taft is losing any part of his popularity with his party is wrong," said Senator Clarke. "He is as strong with his party as he ever was, reports to the contrary notwithstanding."

"What Republicans have to fear is the independent vote. This vote is coming to be stronger every year and cannot be depended on to follow party lines year after year, when that party fails to redeem its pledges. If the Republican party's remedies do not remedy, this vote is ready to charge that a mistake in this one particular means that probably the Republican party's contention in all things is also wrong."

"If the measures which have been put through congress by the Republicans fail to give the relief sought, there will be a general turning about in the nation. It has always been the case that the dominant party has been charged with hard times. It is pointed out that if the party in power did not cause the hard times, it at least did not prevent them, and for that reason it is responsible for the prevailing conditions."

"The price of living is steadily increasing. This means, when reduced to its primary effect, that wages have been reduced. In that the wages which were formerly paid will not purchase as much as they formerly would."

"This condition is charged to the Republican party, and the independent voter, dissatisfied with the existing conditions, will turn from the Republican party, which has disappointed him, and will aid in bringing about a change in the government."

## SAMUEL LAWSON

AGED MAN DIES AFTER A LONG-GERING ILLNESS.

Pneumonia Complicated With Other Disorders Immediate Cause of Demise.

"Uncle" Sam L. Lawson, 72 years old, one of the best known men in the southern part of the county, died yesterday afternoon at 4:30 o'clock at the home of his son, W. H. Lawson, in Melber, after an illness with pneumonia and complications. His condition for several weeks has been serious, and his weakened physical condition was unable to withstand the illness.

Owing to his advanced age, Mr. Lawson has been unable to do active work for several years, but was able to be around. He resided at Melber over 20 years and was known to practically everybody residing near the southern county line. He is survived by two sons: W. H. Lawson, of Melber, and J. A. Lawson, of Florence station. Two sisters: Mrs. McManus and Mrs. Owen, of Oak Level; and two brothers: Will Lawson and Lige Lawson, of Oak Level, also survive. Mr. Lawson was not a member of any lodges but was a staunch member of the Baptist church.

The funeral and burial took place this afternoon at 4 o'clock at the Allcock cemetery, the Rev. Mr. Peas officiating.

### Elephant Goes Insane.

After Tearing Up Much Property He Is Strangled.

Danville, Ill., April 29.—The big bull elephant which started the herd of a circus on a rampage late yesterday, and which resulted in thousands of dollars' worth of damage, besides serious injuries to several persons, was executed this afternoon, in the presence of a number of physicians. The pachyderm was strangled to death by chains, pulled from each end by two other elephants. Dr. Steidl, who superintended the execution, said that the elephant was practically insane, and if allowed to live would endanger every member of the herd. It was valued at \$15,000.

There were fewer deaths to the thousand of population in Philadelphia last year than ever before in the city's history.

## AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Emma L. Mose, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

## STEEL CO.'S

HARRIMAN LINES WILL HAVE MORE THAN OTHERS.

Four Hundred and Twenty-four Will Be Delivered As Soon as Completed.

The Harriman lines of which the Illinois Central railroad is a part, will have more steel equipment than any railroad system in the United States, when a delivery of 424 steel passenger coaches is turned over to the lines. The cars will be delivered this year, and by the end of the year one-third of the passenger equipment will be of the all steel type, declared to be fire proof and indestructible in accidents. The Pennsylvania system has 900 steel cars while with the new delivery the Harriman lines will have 925 cars of the steel type. All of the new equipment has been obtained in three years, and is predicted in three years that every passenger train on the system will be on steel construction.

## KNEE TO ANKLE A MASS OF HUMOR

Suffering Simply Indescribable—Had to Scratch Till Blood Ran—Health Undermined from Lack of Sleep—Gave Up Hope but

CUTICURA FREED HIM FROM SKIN-TORMENT

"About seven years ago a small abrasion appeared on my right leg just above my ankle. It irritated me so that I began to scratch it and it began to spread until my leg from my ankle to the knee was one solid scale like a scab. The irritation was always worse at night and I could not allow me to sleep, or my wife either, and it was completely undermining our health. I lost fifty pounds in weight and was almost out of my mind with pain and chagrin as no matter where the irritation came, at work, on the street or in the presence of company, I would have to scratch it until I had the blood running down into my shoe. I simply cannot describe my suffering during those seven years. The pain, mortification, loss of sleep, both to myself and wife is simply indescribable on paper and one has to experience it to know what it is."

"I tried all kinds of doctors and remedies but I might as well have thrown my money down a sewer. They would dry it up for a little while and fill me with hope only to break out again just as bad if not worse. I had given up hope of ever being cured when I was induced by my wife to give the Cuticura Remedies a trial. After taking the Cuticura Remedies for a little while I began to see a change and after taking a dozen bottles of Cuticura Resolvent, in conjunction with the Cuticura Soap and Cuticura Ointment, the trouble had entirely disappeared and my leg was as fine as the day I was born. Now after a lapse of six months with no signs of a recurrence I feel perfectly safe in extending to you my heartfelt thanks for the good the Cuticura Remedies have done for me. I shall always recommend them to my friends. W. H. White, 312 E. Cabot St., Philadelphia, Pa., Feb. 4 and Apr. 13, 1909."

## LOCAL CORONER AND OFFICERS CONFER

LOUIS LEFAGER AND N. MARTIN VISIT PADUCAH.

Entertainment Provided For Chicago Guests of The Paducah Local.

RETURNED HOME LAST NIGHT.

After spending several days in the city, Mr. Louis LeFager, chairman of the grievance committee of the Brotherhood of Railway Carmen, and Mr. Martin, chairman of the shop committee of Burnside shops, returned to Chicago last night. The purpose of the two officers' visit to Paducah was to meet the local carmen, in regard to the new agreement they will submit to the railroads in a short time. Both the Brotherhood of Railway Carmen and the International association of Car Workers have united in the agreement for the purpose of making them uniform.

While in the city the two officers made a splendid impression upon the local carmen, who have a strong organization. Wednesday night a called meeting was held, and there was a large attendance present for the purpose of meeting Messrs. LeFager and Martin. Both are pleased over the prospects for the new agreement. In Paducah chairman P. P. Wallace and Secretary F. A. McKen of the joint protective board of the Brotherhood of Railway Carmen for the Illinois Central system, reside, and for this reason the conference between the officers from Chicago was important. While in the city the members of the local carmen, No. 14, entertained the visiting brethren, and made their stay in the city enjoyable.

Both are experienced carmen, and are looking after the interests of the car employees closely. Mr. LeFager three times has been elected chairman of the brotherhood at the Burnside shops in Chicago, which has a membership of 600 carmen, while Mr. Martin has also been honored with office.

## HOPKINSVILLE

COMES OUT STRONG FOR THE KITTY LEAGUE.

Final Meeting of Baseball Fans Held There Last Night to Raise Money.

The final meeting of the fans in Hopkinsville was held for the purpose of raising the final money of the necessary \$2,000 for the organizing of a baseball club for the Kitty league. Hopkinsville was a trifle shaky at the first talk of the league, but the fans rallied strong, and by hard work secured the money. The New Era says:

"In this matter Hopkinsville has done her part nobly. The raising of \$2,000 was a big undertaking and many predicted that the amount could not be raised. That it was raised, and in such a few days, too, shows how anxious the people are for baseball this summer. Quite a number of people in the county, at Pembroke, Lafayette, Crofton and other towns in the county showed their interest by making subscriptions. With \$2,000 in hand with which to begin the season no town will begin the season with more flattering prospects than will Hopkinsville. This will fit up the grounds, buy uniforms, get the team together, post the forfeit and do the countless other things which must be done before the team can be put into the field. With these things disposed of in advance, the receipts from the games will probably carry the team during the season and instead of closing the season with a big deficit all obligations will be met as they come due."

## This Bottle Contains a Real Remedy for Eczema

Perhaps you have used, as have all sufferers with Eczema and other skin troubles—the ordinary greasy salves and lotions. Really that is the wrong way to go about it. That kind of treatment may give temporary relief but it fails to destroy the germs causing the disease. Therefore permanent results are a question. Besides they soil the clothing and linens and are disagreeable to use.

### ZEMO

The Clean Treatment

is a clean, liquid, vegetable remedy for external use. It gives instant relief and effects a permanent cure because it draws to the surface of the skin and destroys the germ life causing the disease, leaving the skin clean and healthy. ## Notice to Contractors.

I will on Saturday, the 7th day of May, 1910, at the hour of 10 o'clock a. m., in the county court room at Paducah, Ky., receive bids for the construction of the Public Drainage Ditch established by judgment of the McCracken county court filed September 8, 1909, in the action of the Realty Department company, ex parte.

Said ditch begins on the east side of the Husbands road where crossed by Island Creek and extends thence an east course for a distance of 16,650 feet to the West Fork of Clark's river. Detailed specifications for work to be done, together with plan and profile can be found at the County Clerk's office, and any other information desired by bidders on the work will be furnished by H. L. Harrison, engineer, or the ditch commissioner.

All bids must be made on this work for completion of the job as a whole. W. L. BOWER, Ditch Commissioner for McCracken County.

Mrs. Lucy Eaker Wilson.

Murray, Ky., April 29.—One of the saddest deaths that has occurred in this city for a long time was that of Mrs. Lucy Eaker Wilson. The immediate cause was pneumonia. She was about 21 years of age and leaves a husband and infant only a few days old.

Old age insurance is compulsory in Germany.
